### What *Did* Jesus Do?: The Biblical Roots of the Catholic Church

If you want to know “What Would Jesus Do?” (WWJD) to guide your life today, you must first accurately answer the question, “What *Did* Jesus Do?” during his earthly ministry 2,000 years ago. Drawing on the Bible and other historical evidence, Tom Nash provides an incisive and ecumenical argument that Jesus founded--and continues to sustain--the Catholic Church as His instrument of worldwide salvation and life-transforming love. Despite her human failings and great opposition from the strangest of human bedfellows, as well as Satan himself, the Church continues her Great Commission (Mt. 28:20), *precisely* because of her divine Bridegroom.

Tom Nash is a Contributing Apologist and Speaker for Catholic Answers, a Contributing Blogger for the *National Catholic Register*, and a Research Associate at Ave Maria Radio. He has served the Church professionally for more than 25 years, including more than 8 years as a Theology Advisor at EWTN. He is the author of *What Did Jesus Do?: The Biblical Roots of the Catholic Church* (Incarnate Word Media) and *The Biblical Roots of the Mass* (Sophia Institute Press). He is also a regular member of the Fellowship of Catholic Scholars.
